Time-saving tips from the pros: our five experts share their favorite secrets for working faster, not harder-from file management shortcuts to phot editing tricks.(PC Time-Savers)

Nov , 2003

Word Count: 6769 **Line Count:** 00539

...OK. You may need to take different steps for Microsoft Office applications. For example, in **Word** and Excel, choose Tools*Options. In **Word**, click the File Locations tab, select a file **type**, and use the **Modify** button to adjust the path; repeat this process for each file **type** you want to customize. In Excel click the **General** tab and edit the path listed for Default file location.

Save Time Searching

I REGULARLY...in your incoming messages with a list of "offensive" words found in a file called **filters.txt**; if the **message** contains a bad word, it gets bounced into the Junk Mail folder. Truth be told...

Death to Spam.(Technology Information)

Jan , 1999
Word Count: 1545 Line Count: 00116

...Express go to Tools, Accounts, News; select the news server; then choose Properties. Under the **General** tab you'll see an e- mail **address** and perhaps a Reply **address**. **Change** one or both to your spoofed **version**. Click on OK and Close to get back to the main news reader.
 Don't...

...filters or rules that let you delete or move anything that looks like spam. The **filters** aren't perfect, so instead of automatically deleting **messages**, move them to a Junk E-mail folder. Check the folder occasionally for any messages...adult content. You can choose to flag or move anything that's detected by your **filters**. Flagging (coloring) spam makes the **messages** less obtrusive and lets you delete them personally. You can also move the unwanted messages...

...you. This is a handy option if you trust their detection methods not to remove **messages** you may want.

 7. Refine Rules or **Filters** The list of rules most e-mail programs use for spam detection is complex and...

Beyond addresses. (electronic mail, communications services enhancements from AT&T, Motorola) (includes related article on General Magic's Telescript addressing scheme)

April 23 , 1993

Word Count: 1481 **Line Count:** 00120

...one for business messages and news stories, another for private communications. for example. Billing and **filtering** of **messages** would be different for each. Your profile could also be a place to store important...information, which is available for inspection

or other uses, such as posting to your local **address** book. That means you can reply via a different mode, and the messaging system won't

care. We expect many companies to adopt whatever record **format**

General Magic defines for this **address** exchange.

Record maintenance in this anarchic model isn't that difficult.

If

someone's **address changes**, the system must be smart enough to notify interested parties that they have reached a...
